

# BW 900 Mobile Business Solution

## Move your sound to business class

- ▶ Ultra-noise-canceling microphone for outstandingly clear voice transmission – your callers will notice the higher sound quality of your mobile phone
- ▶ Featuring Adaptive Intelligence – volume and sound settings that automatically adjust to the environment you're in – no need to adjust the volume as noise levels around you rise and fall
- ▶ Versatile and convenient charging possibilities while travelling – never run out of battery power!
- ▶ Quick-swap batteries let you easily exchange them whenever needed

The BW 900 Mobile Business Solution is a Premium wireless headset package from Sennheiser Communications which is extremely comfortable and reliable while travelling or just being on the go. It is the ultimate professional communications tool while talking on a mobile phone or other Bluetooth®-enabled devices.

- ▶ Ultra-noise-canceling microphone for outstandingly clear voice transmission – your callers will notice the higher sound quality of your mobile phone.
- ▶ Adaptive Intelligence™ – volume and sound settings that automatically adjust to the environment you're in
- ▶ ActiveGard™ – real protection for the user from sudden surges in sound
- ▶ Easy battery-swap: when the battery runs low, you can hold the line on the phone and quickly switch to a fresh battery
- ▶ Everything comes in a handy protective carry case
- ▶ Charge the battery with the included USB unit via your PC using the unique BW900 travel charger
- ▶ Charge the battery on the road using the car adapter or use the BW900 travel charger
